The aim of the program is to develop the participants into key people who are capable and willing to help shape the future of the company in their own sphere of influence and to fulfil their role as decision-makers. The programme aims to give participants a deep insight into Swiss Life enabling job enrichment and enlargement. Modules covered include finance, leadership, communication and strategy.

James commented "with the acquisition of Mayfair Capital by Swiss Life in November 2016 this is a first class opportunity to gain insight into the wider business whilst interacting with other individuals from different disciplines within the Group. This is an excellent chance to develop my career and provide a platform for me to contribute more widely to the business".
